AMSA

The American Medical Student Association (AMSA) is the oldest and largest independent association of physicians-in-training in the United States. Founded in 1950, AMSA is a student-governed, non-profit organization committed to representing the concerns of physicians-in-training. Starting in 1960, the association refocused its energies on the problems of the medically underserved, inequities in our health care system and related issues in medical education. AMSA focuses on five strategic priorities, including universal health care, disparities in medicine, diversity in medicine, leadership development and transforming the culture of medicine.

APAMSA

APAMSA is the Asian Pacific American Medical Student Association. We are a national organization that aims to address those issues important to Asian-American medical students. The LSUHSC chapter of APAMSA was started in 2003 in hopes of bringing together Asians and others interested in the health issues that affect Asians so that we may have a strong, collective, public, and political voice.

DeSha,

You have made us so proud. Thank you for exceeding our fondest expectations and for striving to be the very best.

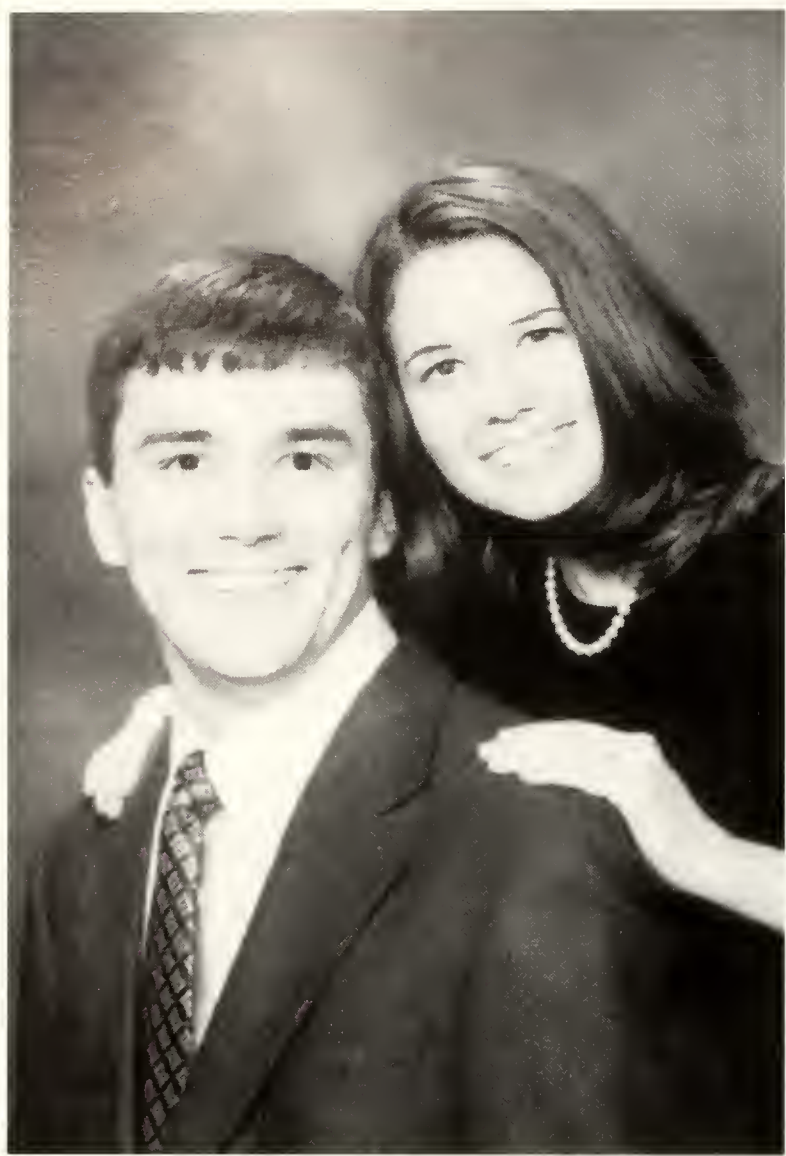

As you begin this new phase of your life, we ask God to lead you daily. Knowing you will fulfill your calling with wisdom, compassion, and integrity. Our prayer is that you will always be mindful of your purpose - to bring comfort to the suffering and solace to the anxious and sorrowing. May you have strength when you are fatigued and confidence in the face of adversity.

We know that Mom always taught you anything is possible if you believe in yourself. Even though she isn't here today, we know you will continue to feel her presence, cheering you on, as we all join together to say, "well done!"

Love,

My dear Jean, you have successfully completed one of your life goals. You are a physical therapist; but, more importantly you have coped with dyslexia, maintained a "can do" attitude and topped it all off with a 4.0 GPA. I do not know what the future holds for you, but I am confident that you will handle the good and the not so good with equal grace. Life is never perfect so enjoy the many days of health, love and happiness you have ahead of you and just live through the not so great days. Wake up every morning and choose to make it a great day! - With all of my love, Mo.

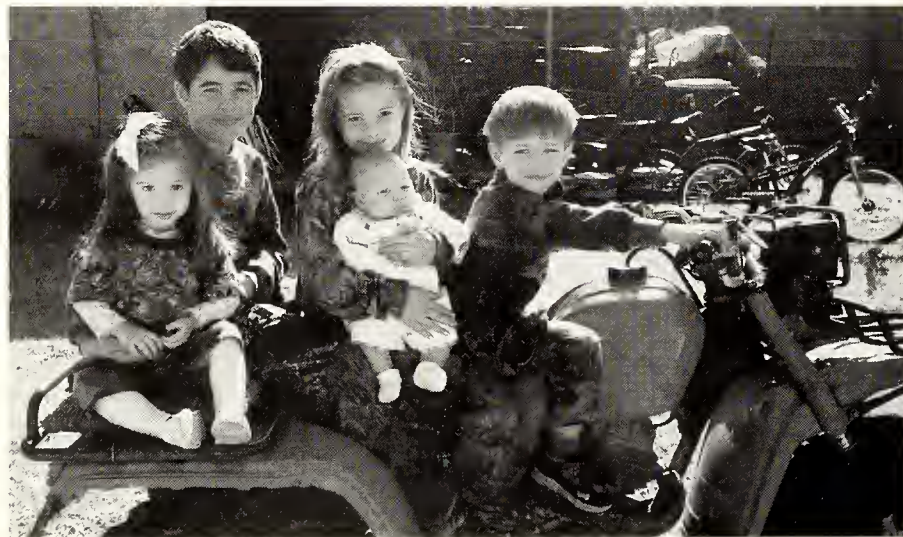

Congratulations on not only fulfilling your goal, but also fulfilling your dream of becoming a physical therapist. Your well-burned midnight oil and incessant dedication to the love of your profession is an inspiration to us all.
